Thursday morning. One week of
my time gone & the time has been
very pleasantly spent. There is
something **POST CARD**
to do & see all the time. This is the
church we attended twice last
Sunday & heard grand music
by a surprised choir of 150 voices
from the conservatory of music.
Have been to two concerts this
week. The weather is perfect.
The streets are very pretty and
we walk every day, besides
visiting lots of places of interest.
Miss Paull is very centrally
located right near the college
campus. Electa J. Coankins

This side for the Address.
